

ASWIN KUMAR JEGADEESH

Associate Director - Project & Program Management | Enterprise AI Integration, Strategic Transformation & Global Portfolio Delivery

Mobile No: +1 973-294-2525

Email Id: achuj2003@gmail.com

Address: New Jersey, USA

LinkedIn: <https://www.linkedin.com/in/akj2003/>

15+ years of experience leading **enterprise-scale modernization** and **global portfolio delivery** and fully **authorized to work** in the United States. Proven expertise in integrating **AI** and **Intelligent Automation** into **legacy ecosystems** to accelerate **digital transformation** and significantly reduce **operational costs**. Adept at steering **large global teams (250+)** and **multi-million dollar P&Ls** to drive **ROI-led innovation**. Deep **domain authority** in **Healthcare** and **Travel & Hospitality**, delivering **secure, scalable, and cloud-native solutions** that align **technical execution** with **long-term business strategy**.

Professional Summary

- **Strategic & AI-Driven Program Leadership:** Proven track record of leading complex, multi-geography enterprise programs and portfolios, driving alignment between business strategy, technology execution, and **AI-driven strategic transformation** to deliver measurable value realization across large-scale environments.
- **Enterprise Portfolio Ownership & Governance:** Directed a high-value, multi-million-dollar global portfolio spanning multiple concurrent initiatives, with end-to-end accountability for governance, financial performance, prioritization, and outcome delivery, while leveraging **AI-enabled insights** to improve decision-making and delivery predictability.
- **Enterprise Transformation & Modernization:** Spearheaded end-to-end digital transformation and modernization initiatives, addressing legacy ecosystem challenges, reducing technical debt, and enabling scalable, future-ready platforms, including adoption of **AI and intelligent capabilities** aligned with long-term business strategy.
- **Executive Stakeholder Engagement:** Trusted advisor to senior executives and client leadership, translating strategic objectives into executable, outcome-driven roadmaps, ensuring transparency, governance rigor, and sustained customer confidence and satisfaction.
- **Financial, Cost Optimization & Operational Excellence:** Demonstrated strength in budget ownership, ROI optimization, CAPEX–OPEX balancing, and risk management, while driving cost optimization and operational efficiency through **AI-enabled automation and analytics** across delivery models.
- **People & Leadership Management:** Provided strategic leadership for large global teams through direct and indirect governance, fostering accountability, delivery excellence, and capability development; additionally identified learning and development plans for the entire team to upskill and cross-skill resources based on the technology roadmap.
- **Business Growth & Value Creation:** Enabled portfolio and account growth through proactive solutioning, **AI-led innovation**, and alignment of delivery outcomes with long-term business and revenue objectives.
- **Quality, Risk & Compliance:** Led enterprise-level delivery governance, risk mitigation, and architectural oversight, ensuring security, quality, scalability, and compliance across mission-critical systems and programs.

Technical Skills

- Microsoft Sharepoint(On Prem & Cloud) & O365
- .NET, ASP.NET, Angular Technologies
- GenAI, ML, Python

Core Competencies

- Program & Portfolio Management
- Enterprise Application Modernization
- Agile & Scrum Delivery Frameworks
- Cloud Transformation & Security Architecture
- Budgeting, P&L Ownership & Cost Optimization
- Vendor Management & Global Delivery Governance

Work Experience

Mar 2023 - Present

Associate Director – Project & Program Management

LTI Mindtree Ltd.

- Lead **end-to-end delivery** of a **\$15.5M USD multimillion-dollar portfolio** spanning **25+ CAPEX and OPEX engagements** across the **US, Canada, and India**, supporting a global **Real Estate, Relocation, Logistics & Title Services** client.
- Own **program and portfolio governance**, including **budget planning, financial performance, ROI optimization**, and **CAPEX–OPEX balancing** across multiple product and technology roadmaps.
- Direct the **strategic vision and operational execution** for a global IT division of **280+ resources**, leading a tiered management team of **Architects and Managers**.
- Drive **cost optimization** through **automation, modernization, and migration programs**, reducing long-term **OPEX** by shifting legacy workloads into capital modernization engagements.
- Lead **digital transformation** and **application modernization**, eliminating **technical debt** aligned with enterprise technology strategy.
- Established **AWS cloud partner engagement**, enabling incentives that reduced **capital development costs** and improved **system efficiency**.
- Provide **portfolio-level strategic direction**, ensuring alignment with **business objectives, customer outcomes**, and **measurable value realization**.
- Lead **risk management**, proactively identifying **delivery, financial, and dependency risks** with clear mitigation strategies.

- Hold **decision-making authority** on hiring, offboarding, promotions, leave approvals, and resource optimization.
- Ensure adherence to **quality, schedule, and scope** while maintaining high **customer satisfaction**.
- Lead **technology enablement and training initiatives**, aligning teams with **cloud strategy** and business goals.
- Identify and propose **additional business opportunities**, contributing to **portfolio expansion** and long-term **account growth**.

Achievements:

- Increased **revenue from \$30K USD to \$320K USD** in under-performing accounts within **11 months** by identifying **technical debt**, incorporating **AI**, accelerating **time-to-market**, and driving **vendor consolidation**.

Jul 2022 - Mar 2023

Technical Manager

Mindtree Ltd.

- Managed delivery and enhancement of **SharePoint and Angular-based enterprise applications** for a large **Real Estate** client.
- Served in a dual **Agile leadership** role as **Scrum Master and Product Owner**, ensuring delivery discipline and backlog clarity.
- Led **cross-functional onsite and offshore teams**, balancing **technical execution** with product vision.
- Owned **product strategy, roadmap, quality, and release management** aligned with business goals.
- Managed and prioritized **multi-product backlogs**, balancing long-term strategy and immediate priorities.
- Tracked **product health metrics, sprint velocity, and delivery trends**.
- Led **risk identification and mitigation** across concurrent initiatives.
- Drove **Agile adoption and maturity**, enabling predictable releases.
- Coordinated releases across **Engineering, QA, Knowledge Management, Support, Delivery Services, and Operations**.
- Guided teams toward **technology modernization and standardization**.

Nov 2019 - Jun 2022

Technical Lead

Mindtree Ltd.

- Led **architecture, delivery, and modernization** of **SharePoint and Angular applications** for a global Real Estate enterprise.
- Led **solutioning for RFPs**, sales presentations, and **effort estimations**.
- Collaborated with onshore stakeholders to design **business, technical, integration, and security architectures**.
- Supervised application design ensuring **scalability, security, and performance**.
- Built **project roadmaps, delivery schedules, and cost estimates**.
- Led **resource hiring** across Development, QA, DevOps, CI/CD, and Performance Engineering.
- Defined **training strategies** to upskill teams.
- Governed **architecture reviews, technical debt remediation, and security compliance**.
- Drove **tools and technology evaluations** to modernize platforms.
- Maintained strong **customer satisfaction** through transparent governance.

Aug 2018 - Nov 2019

Project Lead

Mindtree Ltd.

- Led a **digital transformation initiative** for platforms built on **SharePoint, Drupal, and Machine Learning-based image processing**.
- Managed **budget, schedule, scope, and delivery governance**.
- Led **cross-functional teams** including developers, ML engineers, content teams, and QA.
- Defined **project scope, plans, and milestones**.
- Conducted **qualitative and quantitative risk analysis**.
- Oversaw **architecture governance**, minimizing future technical debt.
- Identified **automation and optimization opportunities**.
- Built strong **client relationships** through transparent reporting.

Oct 2015 - Aug 2018

Module Lead

Mindtree Ltd.

- **Identity Modernization:** Led a critical enterprise **security initiative**, replacing **Oracle Access Manager with OKTA** across **30+ applications** to **modernize authentication frameworks**.
- **Solution Engineering:** Engineered real-time **data visualization** solutions for a **Tier-1 banking client**, significantly reducing service call volumes through self-service reporting.
- **Global Delivery:** Managed offshore teams and **governed architecture reviews** to ensure security **compliance** and seamless **enterprise integration** (BizTalk/Dynamics CRM).

Jan 2013 - Sep 2015

Senior Project Engineer

Wipro Technologies

- Led **SharePoint migration and security re-architecture** for **112 enterprise applications** used by **115,000+ users**.
- Developed **custom SharePoint components** and resolved production incidents.
- Managed **change, incident, and problem management** workflows.
- Designed and implemented **Oracle Access Manager-based identity architecture**.
- Led **PowerShell automation, performance tuning, and deployment optimization**.

Oct 2010 - Dec 2012

Project Engineer

Wipro Technologies

- Delivered **SharePoint development, enhancement, and migration initiatives**.
- Developed **custom SharePoint components and business workflows**.
- Supported **identity and access management** implementations.
- Supported **deployments, automation, and performance optimization**.
- Assisted in **change, incident, and problem management**.
- Contributed to **Agile delivery** across multiple sprints.

Education

Post Graduate Program in Artificial Intelligence and Machine Learning

University of Texas,
(2021)

Master of Technology (M.Tech) – Software Engineering

BITS Pilani
(2015)

Bachelor of Science (B.Sc) – Computer Technology

K.S.R College of Technology
(2010)

Certifications

- **Project Management Professional (PMP)** (Project Management Institute (PMI))
- **Certified Scrum Product Owner (CSPO)** (Scrum Alliance)
- **Certified Scrum Master (CSM)** (Scrum Alliance)
- **Microsoft Technology Specialist – SharePoint Application Development (70-573)** (Microsoft)
- **Certified Microsoft Technology Specialist** (Microsoft)
